Local Notes.

Rowland is to vote on local option.
Stock has suffered greatly during
the severe weather. Several head
froze to death.

Bro Tindler, who has been suffering
from a deep cold, has, we are delighted
to say, about recovered.

Local option continues to spread
over the state. Pineville, up in the
mountains, is the latest to fall in line,
the majority vote being 238 to 58.

The morning train was delayed
Wednesday by several cars jumping
the track near Point Leavel. The
passengers were brought to Rowland
in a box car.

If you are a friend of The Record,
we can order any daily paper or
magazine for you and save you the
usual agent's commission. Unless you
are one of our customers, please don't
have the face to ask us to send in your
name.

Jack Stormes, who is enjoying the
sunshine and fishing in Florida, had
the cheek to send us a large poster
announcing a circus to show there
Saturday. It comes a little awkward
to read a circus poster while shivering
around the stove here in Kentucky.

Notice to Confederate Veterans
A meeting of Camp M. D. Logan,
No. 1236, U. C. V., will be held at the
circuit clerk's office, in Lancaster,
county court day, the 27th, at two
o'clock, p. m. The election of officers
and other important matters will be
attended to, and every member is urged
to be present.

Joe H. Arnold, Com'dr.

Special Meeting for Children
Special arrangements have been
made for Col. Charles Holt to lecture
to the children, at the Christian
church tomorrow (Friday) afternoon,
at 2:30 o'clock. It is desired that all
children attend this lecture, as it is
especially for them. They are wanted
at all the services, but this will be of
unusual interest to them.

No Water For Record Office.
Some idea of the cold weather can
be had from the statement that the
local pipe from water main to The
Record office frozen next to the main,
on side of street next to Stormes' drug
store. It cost The Record about
twenty-five dollars to have the pipes
cut in the building, and the loss of its
work a great hardship. The old
saw, "You never miss the water 'til
the well runs dry," will bob up once in
a while.

The Right Kind of Farmer.
There is a farmer over in Missouri
who is a mighty staunch friend of the
local paper. At a recent farmers' in-
stitute he read a paper in the course
of which he took occasion to remark:
"As a rule the farmer knows no firm-
er friend than the country press. The
name paper is distinctly the farmer's
own paper, supported directly or indi-
rectly by the farmers, who compose
the backbone of the printers' list and
largely for what the enterprising
merchant advertises. Now, brothers,
let us not forget our friends. Let us
see that our subscriptions are paid be-
fore the first of January and a year in
advance if we can afford it. The man
or the paper that fights my battles
shall have my support. Another, the
merchants who advertise are the ones
who make it possible for us to get a
good local paper, and the men or firm
who are too penurious to advertise and
help support the local press have no
right to the farmer's patronage."

Fine Show at Danville.

Manager E. W. Lillard, of the Dan-
ville opera house, has booked the
greatest domestic comedy of the age,
"The Missouri Girl," for matinee and
evening performance Saturday, the
18th. Troupe, which has been play-
ing the larger cities, happened to
have an open date, and Major Lillard
was lucky enough to secure them.
Telephone him and have seats reserv-
ed, as this is the only high-class
company coming nearer than Lexing-
ton this season.

Good for Lancaster Man.

A Washington special to the Louis-
ville Times says: One of the highest
salaried officers under the Panama
Canal Commission has been given to
Robert R. West, a Democrat, of Gar-
rard county, Ky. He has been appoint-
ed auditor of the Canal Commission,
at a salary of \$4,000 a year, and will
leave shortly for Panama to begin the
discharge of his duties. Mr. West
came here from Kentucky in February
1884, served as a law clerk in the Treas-
ury and then auditor for the Govern-
ment Printing Office, on the recom-
mendation of Auditor Person, who
wrote to President Roosevelt, saying,
"Mr. West can discharge the duties of
any office he will accept." In casting
about for a man to become auditor of
the Canal Commission, Mr. Roosevelt
and the Canal Commissioners selected
Mr. West. He has appointed his son,
W. J. West, to a \$1,500 a year place,
and the young man will accompany
his father to Panama. The younger
West is also a good Democrat of the
Kentucky stripe.

The Weather.

Another cold wave swept over Ken-
tucky Monday afternoon and Monday
night was about the coldest of the win-
ter. This is not satisfactory to any-
one but the coal man.
The stock of patience of a patient
people is now well-nigh exhausted.
For nearly six weeks the weather has
not smiled for more than two consecu-
tive hours, and when the sun's face
could be seen it was through tear dim
med eyes as there was a biting wind
from the frigid zones cutting about
and making the sun appear billions of
miles away and going farther.

Not only has Old Boreas been con-
stantly present, but his mood has
been bad. An hour's sunshine was
followed by a flurry of sleet or snow.
When rain came it was ice before it
had time to get into the gutter,
and coated the earth's surface with
slippery ice that has caused no end of
discomfort. A few hours of high
temperature was followed by a sudden
drop of the mercury, the highs and
lows fluctuating with such frequency
that one was soon checked full of
influenza, pleurisy and other maladies
attributed to an uncertain climate.
Since January 10 the weather condi-
tions have been worse than is usual in
this climate. The mercury has ranged
from zero to 35 degrees above and has
done the "ranging" in spasms and fits.
Several cold waves have been experi-
enced, and they came on the heels of
each other; a few rains have fallen,
not to melt snow and ice, but to make
more ice; snows have fallen as rapidly
as they were melted, and altogether
this section has been given a sample of
weather that would put to shame an
Alaskan winter.

New Doctors.

Dr. J. A. Amon, who has decided to
move from McCreary and locate in
Lancaster, has rented J. C. Thompson's
residence. Dr. McNeils, of Harrison
county, has rented the Dr. Grant of-
fice and will locate here.

There was never more sickness than
at present. The doctors are very busy.

Not Six in the County.

The County Superintendent in a
neighboring county asked all of the
teachers at the Institute who took
their local or county paper to hold up
their hands, and only six responded.
He expressed great surprise and said:
"You don't spend a couple of dollars
with those papers, yet you expect
them to print free of charge notices
of all institutes; insert long programs;
expect them to advertise you, thus sa-
ving you better positions and salaries
without paying a cent in return.—Ex-

Interesting Lectures.

Col. Charles Holt, of Chicago, has
been doing much good for the cause of
temperance by his splendid lecture in
this city this week. As stated in last
issue of The Record, Col. Holt comes
under the auspices of the W. C. T. U.
Large crowds have heard him and
many compliments have been passed
upon his eloquent and logical talks
against the liquor traffic. He will lec-
ture each day this week at 2:30 and
7:30 p. m., in the Christian church
and a grand rally will be held at the
Court House Sunday evening at 7:30.

The public is cordially invited to
attend these meetings. All the
churches will abandon their usual
service Sunday night and unite in the
meeting at the Court House.

"Consistency."

In this issue, we print the ordinance
requiring outside clothing men to pay
a license of fifty dollars. Last week,
a fellow, (who would not come here to
sit up with the sick, pay one cent
toward keeping up the streets, write
one line about a splay-footed
daughter's marriage or party, hire
printers to set up some long winded
lie of an obituary, fail to refer to the
goody goody church members he has
seen winking (?) at certain women, et
cetera,) came to the good city of Lan-
caster and took orders for printing
which, had they been given to the
home office, would have enabled us to
pay a year's rent, our taxes, water and
light rent. Consistency may be a
jewel, but it takes "Uncle's" testing
acid to prove the genuine article. We
want no law to keep out other print-
ers, but we do want the other fellow
to be given the job of writing the
puffs.

Not so Easy.

People think it easy to run a news-
paper. An exchange says that one
week's experience would change the
opinion of most people on this subject.
Did you ever count the words in a col-
umn of ordinary newspaper print?
There are about two thousand words
in a column. Suppose you sit down
and write a thousand words on some
subject; and then another thousand on
another until you have written eight
or ten thousand. Try it, and see if it is
right easy. Keep that gall up for a
month, a year, and see if it is easy.
Then chase a local all over town, and
after you have gotten the facts all
right, condense them into a few lines—
an hour's work that can be read in a
few seconds. Do this for a dozen items
that seem insignificant after they are
printed, but which you know are im-
portant; then have the items criticised
and inaccuracies pointed out to you
when it is too late to correct them.
Oh yes, it is easy to run a newspaper.

Kentucky Wesleyan College, at Win-
chester, was destroyed by fire with all
its contents. The loss is \$75,000, with
insurance of \$20,000. It was the official
school of the Methodists of Kentucky
and West Virginia. The building
was erected in 1891.

Business has been at a standstill all
this month. Matters will brighten up
when the "thaw" comes.

ENTERED INTO LIFE.

The gentle spirit of our beloved sis-
ter, Catharine Watts, passed from this
earth and entered into The New Life
just one week ago. The Aid Society
of which she was a most helpful mem-
ber, will greatly miss her sympathy
and encouragement. A stronger Chris-
tian character, a more generous and
loyal member we have never lost. She
will be missed by the Society, but the
influence of her strong, wholesome, con-
sistent personality will remain, inspir-
ing others to noble and courageous liv-
ing. Truly she was one of God's be-
loved of faith, and she leaves us with
the heritage of a well spent life. To
the family, for whom she was a minis-
tering spirit so long, the Ladies Aid
Society extends Christian sympathy
and love.

PARENTAL RESPONSIBILITY.

I fear parents do not study carefully
their duty to God and their children.
They should seek a true idea of the
home, as it lies in the mind of God, as
revealed in His word. They should
faithfully perform their duty as unto
the Lord. They should ever keep in
mind the trust committed to them
and the solemn obligations that rest
upon them. They are prone to become
absorbed in other things and neglect
their children. The father, ingrossed
in business, turns over the children to
his wife, the mother busies herself
with the literary circle and too often
with the afternoon card club, and the
claims of the little ones are ignored.
For a like reason, the Sabbath School
is expected to take the place of Bible
training in the family. They forget
the fact that they are training their
children for Eternity. It is almost in-
variably true that the character devel-
oped in childhood determines the char-
acter of the adult. It has grown into
a proverb that "the boy is the father
to the man." The greatest earthly re-
sponsibility is the responsibility of the
parent for his child. The Governor in
his chair, the President in his office,
the King upon his throne, does not oc-
cupy so important a place as the pa-
rent toward the child. In the home
children learn reverence toward God
and obedience to authority. If these
two lessons are not taught and enforc-
ed in the homes, we may expect that
the school, the church and the state
will all suffer on account of parents
neglecting their duties to their chil-
dren.

FERGUSON: "I've fished in the streams of Florida, in the great lakes and many other noted places, but I would not
give one day's fishing in old Dix river for all the rest."
ANDERSON: "Yes, by-jacks, Bill, you're right, you know."
MAJOR BURNSIDE: "Well, I've fished in South America, in New Mexico and many of the old countries, during
my travels, but could always get a good bite quicker, and catch bigger fish easier out here at Joe
Arnold's pond than any place I ever wet a line."

Grave Trouble Foreseen.

It needs but little foresight to tell,
that when your stomach and liver are
badly affected, grave trouble is ahead,
unless you take the proper medicine for
your disease, as Mrs. Jno. A. Young, of
Clay, N. Y., did. She says: "I had neu-
ralgia of the liver and stomach, my
heart was weakened, and I could not
eat. I was very bad for a long time
but in Electric Bitters, I found just
what I needed for they quickly re-
lieved and cured me." Best medicine

Fraud Exposed.

A few counterfeiters have lately
been making and trying to sell imita-

Consumption, Coughs and Colds and
other medicines, thereby defrauding
the public. This is to warn you to be-

through stealing the reputation of
remedies which have been successfully
curing disease, for over 55 years. A
sure protection to you is our name on
the wrapper. Look for it on all Dr.

others are mere imitations. H. E.

Gossip About People

A Brief Mention of the Comings and
Goings by Those Who Are Interested In.

Mrs R H Batson is in Brodhead visit-
ing her parents, Mr and Mrs Hilton.
Little Porter Scott Hudson, who has
been quite sick, is reported some bet-
ter.

Mr William Hyatt of Winchester,
is visiting his mother, Mrs Rebecca
West.

Little James Acton Smith is much
better at this time, the infant of Mr.
and Mrs James L. Smith.

Miss Margaret Tomlinson returned
Tuesday from several weeks visit to
relatives in Lexington.

Mr John F Lear, whose illness was
noted in a recent copy of the Central
Record, continues very ill.

Miss Mary Landrum Burnside has
returned from a protracted visit to
her cousin, Miss Gena Dunlap, of Lex-
ington.

Misses Attie and Bessie Marksbury
have returned from a very pleasant
visit to their sister, Mrs A H Rice, of
Louisville.

Mrs T L Wall and little daughter,
have returned from Somerset, where
they have been visiting her parents,
Mr and Mrs R A Stone.

Mr E W Norris was here this week
taking orders for his firm, the Kellogg
Grocery Co., Richmond. Ed has built
up a good business for his firm, as his
courteous manners and honest deal-
ings makes friends of all with whom
he comes in contact.

Mr Johnnie Eames from Hamilton
Ohio visited his cousin's Mr. and Mrs.
James L. Smith and family, also his
mother and little brother Jessie, the
first part of last week. They left
Wednesday on the early train for
Hamilton Ohio their future home.

Mr Paris Mahan, of Williamsburg,
was here Saturday and Sunday on a
visit to relatives and friends. Mr Ma-
han is engaged in general merchandis-
ing in that city, and is meeting with
much success. He is an honest, up-
right, Christian boy and deserves all
success.

Nicholasville cor. Courier Journal:—
Misses Ethyl West and Bessie Gully,
of Lancaster are visiting Misses En-
ma and Lydia West. Wednesday night
the guests were entertained by the
Misses West, Thursday night by Miss
Dora Murphy and Friday night by Mrs
M D Walker

Senator George T Farris returned
Friday, from Frankfort, where he has
been called to select a site for the
new Capitol. Senator Farris, by his
wise course and gentlemanly bearing,
has won a reputation over the entire
state. George's head is level on any
proposition you may spring, and what-
ever he tells you is just that way, or,
at least, he firmly believes it is that
way.

Mr. and Mrs. R. L. Jennings came
down from Paint Lick this week, and
will be with Mrs Jennings' parents,
Mr and Mrs. J. C. Thompson until
both families leave for California,
which will be early in the Spring. Mr.
Jennings, who has closed out his busi-
ness at Paint Lick, sold his personal
property in that city Saturday, getting
good prices. Mr Jennings has been
in business at Paint Lick for several
years, and had built up a splendid
trade, which only bad health forced
him to give up. He is not only a good
business man, but a Christian gentle-
man who will make friends wherever
he goes, and The Record joins a long
list of friends in wishing him the best
of everything good.

This is the way a country editor
wrote up a recent wedding: "The bride
was born of honest but well-meaning
parents, and could walk alone at six
months; at ten she could run real fast
and has never slackened her gait. She
has many friends—most of them dead
ones. The happy couple took a bridal
trip to the cross Roads, and will be at
home with the old man until they are
kicked out."

Many to Hang.

The fact that thirteen men are now
under sentence of death goes to show
that juries have been doing their duty
and that murders are being made to
pay the penalty for their crimes. The
Courier Journal, speaking of the num-
ber slated to go via the hempen route,
says:—Some of them have awaited
every chance for life, and are calmly
awaiting execution day, which has al-
ready been fixed, while others are yet
struggling with fate in attempts to es-
cape the extreme penalty of death.
Five of the number who juries have
said are guilty of murder and must
pay the penalty with their own lives
are incarcerated in the Jefferson coun-
ty jail, while the remaining ones are
scattered over the State.

Those in the Jefferson county prison
are: Caleb Powers, convicted of com-
plicity in the murder of William Go-
bel; his case has been remained for a
new trial; William Van Dalsen, con-
victed of the murder of Fannie Porter
his mistress, George Warner; murder-
er of Pulaski Leeds, Jacob Bishoff, for
the brutal murder of his wife, James
Thomas and Edward Brown, negroes,
convicted of wife murder.

John and Ed Taylor and James
Smith convicted of the murder of a
white man, are awaiting execution in
the Fayette county jail at Lexington;
Tom White, convicted murder of
Thomas Marcum, is awaiting execu-
tion in the Covington jail; Roy Green
and James Coomes, negroes, are under
sentence of death in the Owensboro
jail, Green for killing a white man
and Coomes for the murder of his wife
and four negroes are in the Hopkins
county jail awaiting execution for the
murder of an unknown white man a
year ago. This is said to be the lar-
gest number of men ever under sen-
tence of death at one time in this
State. In addition the number of it-
gal hangings in recent months has been
far above the average in Kentucky.

Give us the News.

An exchange prints the following
item which has been current newspa-
per property for many years, but it is
worth producing for the benefit of
those who seem to think that a news-
paper purposely ignores them.

"There never was a paper in any lo-
cality that gave all the news. Persons
often come and go that the reporter
does not see. It often happens that a
family is missed several times. They
get the impression that the paper does
not care to mention them. It is a mis-
take. The paper has no ill feeling nor
spite nor enmity against anybody. Do
not be afraid to give us items of inter-
est. Perhaps you think the paper
shows partiality, but try and see if it
doesn't treat you well if given a chance.
If you don't see us to tell us of any
happening or news item at your home,
use the telephone or drop it in the post
office, but don't fail to give your name
so there will be no mistake about it."

New Stockings on Exhibit.

In all the shops dainty hosiery is be-
ing displayed in new patterns of wid-
est variety. Never have silk stockings
been woven in finer mesh, or em-
broideries and insertions been design-
ed more attractively. A very charm-
ing design is that of a flight of tiny
pink butterflies over the instep on
black silk hose of diaphanous texture.

Another new and pretty pattern is
the single rose, full blown and of a
vivid red, placed just over the instep.
Black silk, always the most popular
stocking, offers the only suitable foun-
dation for embroidery in color. Other
shades of hosiery are embroidered in
self-color or with only a slight change
for contrast.

Bronze colored hose, not brown, but
genuine bronze of shimmering silk,
may be had with a loop pattern of fine
open work. These are suitable only
for wear with bronze slippers. They
cost \$3.25.—Fashion Journal.

"People Will Talk."

Yes, people will talk.
The saying is true—
They talk about me,
And they talk about you.

If we go to the opera,
Some one will say
We "should go to church
And learn how to pray."

If we go to church
And offer up our prayers,
They say we are hypocrites
And putting on airs.

If we are rich,
They call us a thief,
Scoff at our sorrows,
And laugh at our grief.

If we are poor,
They say that we shirk,
Were always lazy
And never would work.

They talk of our prospects,
They talk of our past,
And if we are happy,
They say it can't last.

They talk of our loved ones,
They talk of our foes,
They talk of our follies,
They talk of our woes.

They talk of our joys,
They talk of our fears,
They talk of our smiles,
They talk of our tears.

They talk if we're single,
They talk if we wed,
They talk of us living,
And will talk of us dead.

Tho' we live like an angel,
With circumspect walk.
Our efforts are useless—
For people will talk.

REV. BARNES.

Strange Doctrine the Noted
Evangelist is Now
Preaching.

Hartford Herald:—Rev George O.
Barnes, the noted itinerant evangelist,
has been preaching in Hartford, Ky.,
to good crowds the past week. Rev.
Barnes is now in his 78th year, yet he
seems hale and hearty. He has been
preaching fifty years. He is the son
of a Presbyterian minister, and as a
preacher has gained a national reputa-
tion, which spread to other continents.
For twenty years he preached what he
termed the common, well-known doc-
trine of the Presbyterian church.
Then a change came over him, and for
the past thirty years he has been
preaching a doctrine which is strange
to many people, but which he says he
is able to substantiate by the scrip-
tures. It is a creed which mystifies
many. For instance, he holds that
there are three hells of future punish-
ment, viz: the old-fashioned Hades,
Gehenna, where many professed
christians will go for a season, and
Tartarus, the temporary abode of the
fallen angels. Rev. Barnes repudiates
the popular theory that the devil is a
fallen angel. He quotes scripture,
which says that the devil was not only
a liar from the beginning, but a mur-
derer, and therefore he could never
have been an angel of light. Rev.
Barnes does not believe in eternal
punishment. His idea is that souls
will be punished a length of time
commensurate with the sins they
have committed and according to
their standing before God. At the
last grand wind up, the devil will be
annihilated, and the imprisoned souls
turned loose. This, he says, is pos-
sible, from the fact that the devil is
not immortal and that souls are mor-
tal. He says Christ went to hell and
tasted of its torments for every per-
son. This, he avers, was unavoida-
ble, from the fact that Christ took
the part of a substitute for man in
every sense of the word. Man, says
Rev. Barnes, is made up of three
elements, viz:—the body, the soul and
the spirit. The body and the soul, he
says, are mortal, while the spirit is
that immortal, God like attribute of
every man, saint or sinner, which
at death returns to God who gave it.
His idea of the "unpardonable sin" is
attributing to God the works of the
devil. In Christ's time, he says, this
practice was reversed—attributing to
the devil the works of God—but that
it is the same thing either way, and
that those who entertain this idea,
whether preachers or laymen, will
surely be damned. He says God never
afflicted or punished anybody—that
all physical ills or misfortunes come
at the hands of the devil—"the prince
of the power of the air." These are
only a few of the salient points of his
strange creed. Rev. Barnes set out
about two years ago to preach in every
county-seat in Kentucky. He says he
felt called of God to do this in his
native State. This is his 96th county
and he has 23 county seats yet to
make. He travels under the auspices
of no church or organization, depend-
ing upon voluntary contributions to
promote his work. His sermons at
Hartford have created much comment
and set many people to thinking.
Whether you agree with him or not,
you cannot doubt his deep earnestness
nor the evident inspiration which sus-
tains him.

None Like the Cow.

There is not a thing from nose to
tail but what is utilized by man. We
use the horn to comb our hair; her
skin is upon our feet, her hair we plas-
ter upon our walls; her hoofs make
glue; her tail makes soap; she gives
our cream, our milk, our cheese and
our butter, and her flesh is the great
meal of our nation; her blood is used
to make our sugar while her bones are
ground to fertilize our soil, and even
her paunch she herself has put thro'
the first chemical process necessary
for the production of the best white
card board paper, and now they have
discovered that such paper can be
made into the finest quality of false
teeth.

Reason for Thankfulness.

The sermon had been a long one on
the subject of "Giving." The minis-
ter nominated certain brethren to
"wait on" the congregation, and the
congregation groaned in the spirit, but
went down in their wallets neverthe-
less.

When the requisite amount had been
contributed, the pastor of the church
stepped impressively to the front, and
the men in the pews glanced at each
other apprehensively.
"Brethren," said he, "Brother
Smith will be with us again tonight."
"And he won't take up a collection,"
interrupted Brother Smith.
The choir raised a jubilant note:
"Praise God," it sang, "from Whom
all blessings flow."

Egg Famine.

Eggs are getting scarcer all the
time in this county and from all
appearances the hens have gone on a
strike. This seems to be the general
condition all over the country. A dis-
patch from Chicago says: "Chicago
faces the worst famine in its history,
according to local commission men
and the price may go to fifty-cents a
dozen or higher in a few days. The
cold wave is the cause of the shortage,
and it has been of such long con-
tinuance that the storage supply is al-
most exhausted. Shipments from
the country are expected to be almost
nothing for the next three weeks. Ex-

Just Now Mi-o-na is Needed.

At this season of the year thou-
sands of people are already showing the
ill symptoms that are sure to result
from the usual winter diet. Indoor
life, meat-eating, hearty food, lack of
exercise, overwork, and poor ventila-
tion spell "sickness," and poor health.
If the stomach cannot do its work
properly, ill health is sure to follow.
Mi-o-na is the one medicine that as-
sures a natural digestion, that stren-
gthens the stomach, that soothes and
heals all irritation, congestion, and in-
flammation in the stomach or bowels.
It is this that makes it a certain and

headaches, backaches, and general
weakness and debility.
If you are weak and ailing the

One minute after taking One Minute

ily cured her. I cannot praise One

it has done in our family." It always

THAT RED STAIN

On the handkerchief sends a chill to the heart of the woman who had kept on thinking—"the cough will get better after a while." Now she knows the fight for life is on and looks eagerly around for medical aid.

There is one medicine whose marvelous record for cures commends it at once to every sufferer from lung troubles as safe and sure.

Dr. Pierce's Golden Medical Discovery cures obstinate, deep seated coughs, bronchitis, weak and bleeding lungs, emaciation and diseases generally, which, if neglected or unskillfully treated, terminate fatally in consumption.

"In the 'Lewiston Journal,' November 15th, 1901, printed in Lewiston, Maine, I find an advertisement of your 'Golden Medical Discovery.' I want to tell you what the 'Discovery' did for me years ago for spitting of blood. The first three bottles helped me so that I was practically cured for one year. Then I took three bottles more with the same result, and lastly I took three bottles more, making nine bottles in all. It has now been over fifteen years and I have not been troubled with spitting any more blood."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

RUSSIAN CAVALRY BARRACKS

The Soldiers' Quarters Are Plainly Furnished and Kept Scrupulously Clean.

Near the woods, across the plains, were a number of low wooden buildings that looked like sheds and which were so inconspicuous that they would have been unseen had not the music of the bugle attracted the passer-by, says the Newark News. The officers' quarters were in front, quite apart from the men's barracks, which were ranged in a straight row with the stables behind. The rooms were filled with hundreds of little beds, each bed having a hard mattress, one pillow and a coarse woolen blanket for covering. Underneath the bed—the springs do not give—was the soldier's box containing his kit. All through the room at regular intervals there hung the picture of the czar, with colored chromos of the heroes and saints in picturesque attire.

The ceilings were very low and the windows few and far between, but everything is kept scrupulously clean. The kitchens in back have large brick ovens, where the black bread is baked and the huge pieces of meat are cooked. Large copper caldrons, shining like suns, are always on the stove making soup, for the Russian army observes two fast days every week, Wednesday and Saturday, when lentil soup and black bread comprises the dinner. The favorite drink of the soldiers is water with rye bread soaked in it, which gives it a delicate flavor and quenches thirst. Their day is filled with drills and work, when they are taught to ride their horses and fight with or without them. At night the regiment takes a walk before turning in, and as they walk the soldiers always sing the sad, melodious songs of the fatherland.

MESMERISM CURE FOR BITE

Writer Tells of Eliminating Deadly Wound Inflicted on a Coolie by Venomous Snake.

When I was stationed at Nowshera news was brought to me one morning that one of my coolies had been bitten by a snake and was dying, says a writer in the Madras Times. I hurried to his hut and found the man unconscious and bleeding from his mouth and nose. A few passes from the head downward stopped the bleeding. I continued the passes and in ten minutes he was able to open his eyes, but unable to speak or move his hands or limbs.

I continued the passes and after the lapse of another five minutes he was able to speak feebly and indicate the seat of pain. Each pass gradually worked the poison downward and the man's speech grew stronger by degrees, and in half an hour's time from the beginning of the operation the man was able to sit up. Having worked the poison down below the knees, I tied a ligature below the knee and sent him to a hospital, where he eventually recovered. He was bitten in the right foot. I should very much have liked to have carried the experiment out to the end and have bled him, but not being a medical man, and as the case was a hospital only a few miles distant, I had to submit to circumstances.
